# **Ivory White – Whiten Your Teeth Like A Professional**

**Ivory White** is a product that even dentists use, and it can eliminate your teeth whitening costs from the dentist by more than 80%. It is completely safe, and extremely fast acting. Many people are able to see results from this product in as little as 24 hours, and a free trial is available for those who want to test it out first. You will find an in-depth review of this product below.

### **Product Details and Contents**

The Ivory White system is relatively simple to use and takes advantage of a gel application. Contents of the kit include a container of gel, an applicator, and a full-arch application tray also called a Dental Dam. The applicator is specially made to ensure that no air comes into contact with the whitening solution while it is being applied, and the tray makes the application process simple and mess free. Ingredients that can be found in the gel include:

- Peroxide Cal
- Xylitol
- An undisclosed whitening solution

### **Advantages**

Ivory White is fast acting, with major results being seen in as little as two to three weeks. Some even notice a small difference right away. The product is easy to use and mess free and the Xylitol ingredient helps to fight cavities.

This system is also used by dentists around the World, and now you can take advantage of it from the comfort of your home. The ingredients that are included leave you with a minty taste in your mouth, instead of the stale after taste of many other products.

### **Disadvantages**

Some users have experienced adverse reactions to the product. Although it is not known what sets these reactions off, they are mild, and the free trial of the product would allow you to test your body's response. Other than that, the reviews have been good and there are no other negative points about this product.

### **Cost**

The cost of a kit for Ivory White is \$83, and it can last you for quite a while. This is a median cost compared with other products on the market, and the fact that you can try before you buy only makes it a better deal.

### **Who Would Benefit Most From This Product?**

If you are looking for a product that you can try out before purchasing it, then you would benefit greatly from the Ivory White system. The 10 day trial is long enough to begin to see mild results, and to know if you are going to have an allergic reaction to the formula.

Similarly, if you are looking for a product that will get you professionally whitened teeth and will help to fight cavities as well, then this product is your best bet. At a mid level cost, this is one of the only products on the market that can almost eliminate your yearly dental costs.
