Maximum Teeth Whitening Review – Get A Brighter Smile In Only 12 Days

[Maximum Teeth Whitening](#) is a product that claims to provide its users with a professionally whitened smile for a fraction of the cost. Their easy system can be used from the comfort of your home, and will not even cost a third of what the dentist would charge. The company claims that the product will give you a brighter whiter smile in as little as 12 days, so read the review below to see if it might be right for you.

Product Details and Contents

The Maximum Teeth Whitening kit consists of two 10cc syringes which will provide you with 40 applications of the product. You are given a choice of ordering their whitening solution with 22% carbide peroxide or 35% instead. This is the main active ingredient in the gel which whitens stains as it become oxidized on your teeth. A higher percentage will provide you with faster results.

Also included in the kit are a carrying case, shade guide, and two thermoforming mouth trays. The thermoforming mouth trays make a mold of your mouth from the comfort of your home. To use the product, you fill the trays with the gel and wear the trays over your teeth for 15-20 minutes each day. It is that simple.

Advantages

The main advantage of this system is that it utilizes the same procedure as dentists, but costs very little in comparison. It is also safe for most users, and uses pure ingredients only. The system is easy to use, and while it does take 15-20 minutes, it is a shorter procedure than other products have. It also is a mess free process, and has the added benefit of using mouth trays that mold to your mouth for easy adhesion, unlike similar products.

Disadvantages

Some people who use the Maximum Teeth Whitening process do experience tooth sensitivity, which usually disappears after three days of use. It is also a slight disadvantage that the trays must be left in for 15-20 minutes each day, which can make it hard to do on the run. Results do have to be repeated every so often as the process is not permanent, but results do last six months to a year.

Price

The price for a 40 applications, which will last you a little over a month, is \$30. This is much cheaper than similar products on the market, and the product can be ordered easily online. This teeth whitening procedure could save you hundreds or even thousands of dollars through the years, by helping you to avoid the dentists' office.

Who Would Benefit Most From This Product?

If you do not experience teeth sensitivity to other dental products, and are looking for an inexpensive alternative to dentist procedures, then the Maximum Teeth Whitening system could benefit you. For \$30, you can receive over a month's worth of treatments, and you can begin to see results in as little as two weeks, making this the perfect product for someone who wants instant results. If you have the time each day to apply the product, and need a low cost whitening option, then do not hesitate to purchase this product.
